Professional Summary

Computer Science graduate from **Bahir Dar University** with a strong interest in full-stack software development. Experienced in building web applications using the **MERN stack**, with additional programming experience in Python, Java, PHP, JavaScript, HTML, CSS, and MySQL.

Developed a **Cinema Management System** as a graduation project, implementing online seat selection, ticket reservation, and customer loyalty discounts. Also gained practical networking experience through an internship at Bahir Dar ICT Incubation Center using Cisco Packet Tracer.

Technical Skills

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Node.js, Express.js, Python, Java, PHP

Databases: MongoDB, MySQL, Mongoose

Networking: Cisco Packet Tracer, Network Configuration, Network Troubleshooting

Tools: Git, GitHub, Postman, VS Code

Primary Stack: MongoDB · Express.js · React.js · Node.js

Experience

Networking Intern

Bahir Dar ICT Incubation Center — Bahir Dar, Ethiopia

- Gained practical experience in computer networking and network configuration.
- Designed and simulated network topologies using **Cisco Packet Tracer**.
- Practiced configuring and connecting network devices in simulated environments.
- Developed practical understanding of networking concepts and troubleshooting.

Projects

Cinema Management System

Developed a full-stack cinema management platform as part of a Computer Science graduation project.

- Implemented online seat selection, allowing users to choose available cinema seats.
- Developed online ticket reservation functionality.
- Implemented a loyalty-based discount system that provides percentage-based discounts after users reach a specified number of ticket purchases.
- Developed the application using MongoDB, Express.js, React.js, and Node.js.

Technologies: MongoDB · Express.js · React.js · Node.js

Education

Bachelor of Science in Computer Science

Bahir Dar University — Ethiopia

Graduated: 2026 · GPA: 3.29
